

What Won't Work For Children With Dyslexia

What Won't Work means the program or therapy will not bring the reading, spelling, and writing skills of someone with dyslexia up to grade level.

- Hooked on Phonics
- Reading Recovery
- Read Naturally
- Accelerated Reader
- Vision Therapy or colored overlays
- Brain Gym or other exercises
- Sylvan, Score or Kumon centers
- Ron Davis's Gift of Dyslexia
- Special diets or medicine

If you or a parent want to see the proof that a specific program on this list will not work, or want to ask about a program that is not on this list, send an email to

Susan@BrightSolutions.US, type **What Won't Work** as the subject, and list **the name of the specific program** as the message.
